

Lifestyle/Room Use

This worksheet will help you to create a starting point for use and function. The first time we meet with you, we will discuss your plan and the needs that are important to you for the space we will be creating for you. Since we are a fully custom shop, we have the skill and ability to adapt your needs into our proposed design.

Who will be primarily cooking in your new kitchen? _____

How many members in your household cook? _____

Do any of these members have physical limitations? ___yes ___no

If yes, what would you like us to design into the project to make things easier??

How would you describe the way you and your family cook??

___ Heat and serve meals

___ Full course meals

___ Bulk cooking for freezing and ready to eat meals

___ Baking is a passion

_____ Other

Do you entertain often? ___yes ___no

If so how would you describe your entertainment cooking?

___ Formally with many courses

___ Informally with a little bit of everything

___ I hire the caterers to come in and use my space.

Where do you store your recyclables???

___ Kitchen

___ Laundry Room

___ Garage or shed

___ Other

If you had to describe what you would like your kitchen to look like when completed, it would be:

___ Traditional

___ Strictly functional

___ Formal

___ Personal Design Statement

___ Warm and Cozy (country)

___ Contemporary

___ Open and Airy

_____ Other
